Message to Graduates

Heartfelt congratulations to the graduating class of 2019!

The end of every endeavor is, by default, concurrently the beginning of another; both should give one pause. These bookend moments are singular within a lifetime of moments. They are times for celebration and opportunities for reflection. The more significant the associated transitions, the more deeply felt the celebration and the reflection.

You are on the cusp of adulthood. A year after you all graduate together, you will each be living very different lives, separately, unique to the choices you've made, and the circumstances you have been dealt. Take this moment – as it is only that – and consider your life thus far. Consider where you would like to see your journey go personally, professionally, morally, ethically. What will be the watchcries you will live by? What words or ideas will you turn to when faced with life decisions great and small? Will you live honestly? Will you be kind? Will you be a leader or a follower? (The world needs both.) Or will you blaze your own trail entirely?

Life has its own plans for you, and your control over where it will take you is limited. However, you do control how you choose to respond to the glories and the defeats. It is in your hands to be kind, to be honest, to be thoughtful, to be responsible, to care, to be a conscientious citizen of the world. It is yours to decide how you will live each moment of the life before you.

Whatever you decide, make it count. Even a lifetime of moments will go by faster than you can possibly imagine. Make it you who decides how you will face each one. Then, leader, follower, trailblazer, you will leave behind a legacy, a legacy of you.

Dear Class of 2019,

We've learned a lot these past four years, be it our requisites, life lessons, or wise words imparted by Mr. Fairfax. I have also learned something from all of you: my peers, friends, and teachers. I learned to laugh. I learned that it's okay to cry. I even learned how to procrastinate and pull it off, but I advise against doing that. We leave Arts as new individuals, filled with more growth, knowledge, and aspirations to become better than ever before. I too leave knowing that I had something truly unique here and gained so many memories that I will be able to cherish forever. I have become so much closer to many individuals this senior year, and I thank you all for allowing me to come into your life. I thank anyone who has ever made me laugh to the point of tears. I thank all the teachers who managed to deal with my awkward jokes and the incessant noises of laziness. I mostly thank myself for pulling through in the times where I thought it wouldn't get better during those sleepless nights. Arts made every one of us a stronger and ready to face the world. I know that whatever road each of us takes, we will thrive and make the best of it.

Thank you.

Jennifer Cabral

Ananjellis Ramirez

Guitar Major

Dear Class of 2019,

When I look back on freshman year, my senior year seemed so far away. It's crazy to think that time flies so fast, yet here we are on our way out of high school onto bigger things. Some of us are off to college, some off to the military, or some off to trade schools or the workforce, but regardless each and everyone of us has an extremely bright future ahead of us. As we begin to start our lives on our own accord, I think it is important to reflect on the times we've all experienced in high school. These four years have defined the person we all want to become, our hopes for the future, and the way we'll get there. For myself in particular, I have discovered the person I truly am in high school and I hope to continue to shape myself in the best way possible with the experiences I've already garnered in these past years. High school was not always easy and not always my favorite place to be, but I can admit that I have made friendships that will be life long and I've learned lessons from my peers and the adults around me. Regardless of the basic curriculum in high school, one of the most important things I've learned was the necessary work ethic needed to surpass any challenge directed my way and to excel in any task. Arts has taught me the enjoyment of both art and learning. Being in a school that embodies creativity and intellectual capacity opened up experiences for me where I not only got to show my potential in regards to core curriculum, but my potential musically as I got to perform resonating guitar pieces. I, like the rest of you, hope to look back on my high school experience in the future and feel proud of overcoming any hardships and of always striving toward excellence.

Thank you,
Ananjellis Ramirez

Class of 2019 Advisors

Mr. Scott Cumberbatch

Ms. Melissa Silva

***“Do not follow where the path may lead. Go, instead,
where there is no path and leave a trail.” -Ralph Waldo Emerson***

To the Class of 2019,

You set out at the start of this school year determined to be trailblazers, and without a doubt, that's what you have been. You have excelled academically and artistically, and you have grown from quiet, unsure, young teens into a powerful force of eager young adults, ready to conquer the world. It has been an honor to be your advisors and to bear witness to the evolution. Class of 2019, you've made it!

As you pave the way to new adventures, remember the trails you have created here at Arts High School. Take the lessons of hard work, perseverance, and determination you have received and hold fast to that strong foundation guided by the principles of AHS. Always remember: you are capable, you are worthy, and you are gifted. We believe in your power to change the world around you because you have already shown us that you can climb seemingly insurmountable mountains.

As teachers, our job is to make sure that you learn the necessary material to prepare you for the next steps in life, and we hope that we have provided you with the necessary tools for success in life and career. Not only have we enjoyed the teaching process, but conversely, we also have enjoyed the learning experience that the Class of 2019 has afforded us.

Goodbyes have an air of finality. This is not a goodbye, but simply a “so long for now” as you begin the next leg of your journey. Stay committed to this journey, continuing to grow, learn, and create. Never forget the hallowed halls and legacy of AHS. Never forget the love you have received within these walls. Always remember the tender memories you shared with each other. In quiet times, listen for the sound of comforting words from a teacher or advisor at the end of a long day. In joyful times, remember that we will always be cheering you on from the sidelines. Arts High will always be home; carry the legacy of this school with you wherever life takes you.

Thank you for this adventure that we have been on together. It has been a privilege and honor.

Until we meet again,

Mr. Cumberbatch, Ms. Gorman, and Ms. Silva
